

Parcel Locker

24/7 convenient Click & Collect self-service access at times that suit you.

Parcel Locker complements the Click & Collect process and allows users to access deliveries at times suitable to them. With increased online shopping and deliveries the convenience of Click & Collect systems is growing rapidly. Queue free, frustration free and no more missed delivery tickets.

LOCKERS

A U S T R A L A S I A

Parcel Locker includes all the functionality you need for your Click & Collect system.

Parcel Locker has a user friendly touch-screen interface for deliveries and customer pickups.

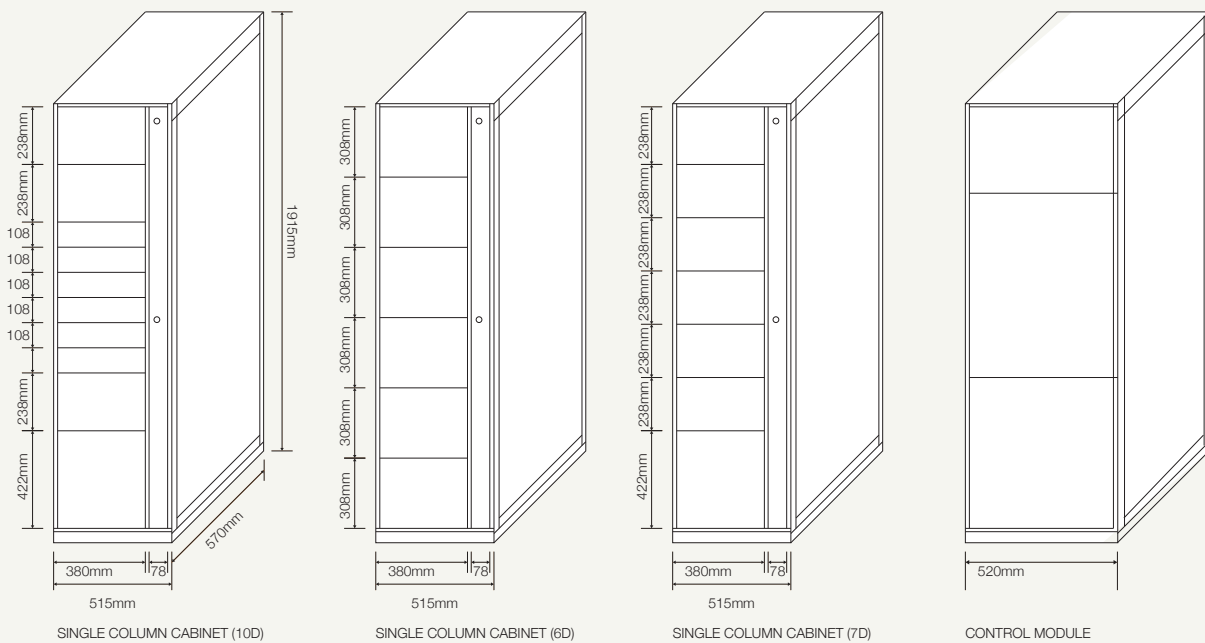

Combination touch-screen and keypad electronic entry ensure fail-safe operation. Lockers include an integrated infrared parcel detection system.

Parcel Locker can be managed and controlled remotely and also has an optional remote operated camera.

Parcel Locker can be expanded to use multiple cabinet configurations to suit the site requirements.
