

Lockers' Aqua Locker

New waterproofing technology.
Perfect for wet environments.

The new *Aqua Locker* utilises a revolutionary new waterproof material that will not rust or absorb water; ideal for use in wet and humid areas such as public swimming pools, health and fitness centres, leisure centres and more.

Aqua Locker is finished in white and can be custom made to fit and suit any architecturally designed environment.

LOCKERS

A U S T R A L A S I A

A locker system that thrives in wet and corroding environments.

Totally waterproof and corrosion proof, *Aqua Locker* comes with a white finish. Sympathetic colour range can be achieved with vinyl decal of your choice.

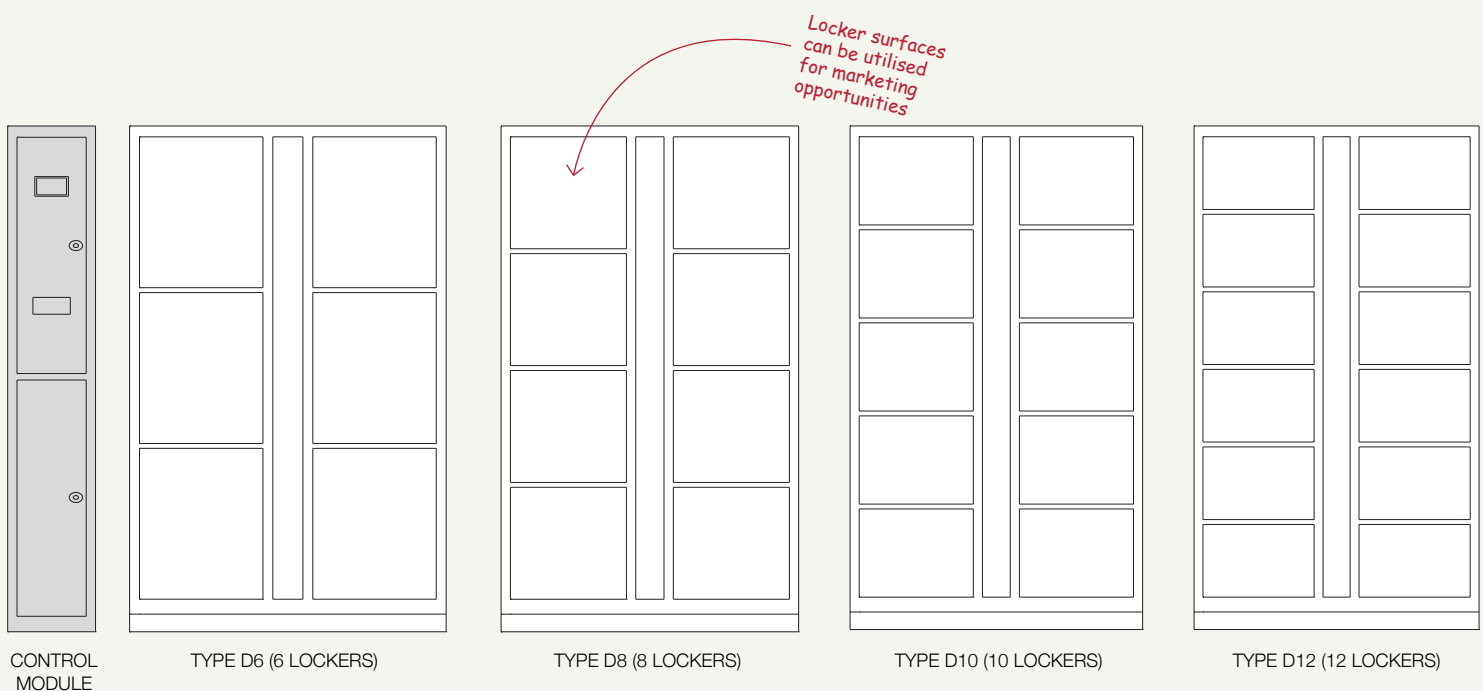

Available in a range of sizes and custom in-fill panels, *Aqua Locker* can be customised to fit architecturally designed spaces.

User friendly electronic keyless entry with clear on screen instructions. Barcode or magnetic swipe activated option available.

Virtually no maintenance and locker management required. Locker surfaces can be utilised for marketing opportunities.
